STEP LIGHTS

EDI 70

Fully Customised Indication Lights
Multiple Steps - Multiple Colours (Upto 7 Colours)

FEATURES

- Enhanced body construction for performance in harsh environments.
- Available in DC24V, 12V.
- Available in Off-white.
- Upto 7 STEPS with 7 colour options.
- Multiple mounting options: Direct, L-bracket, circular bracket
- Bright, uniform lighted segments.
- Rugged, cost-effective, and easy-to-install multi-segment.
- High Grade poly carbonate Body for break-free* housing.
- Over voltage Protection & Constant Current operation.
- Alarm function and flashing function available.

ALVA 70

Indication Lights Upto 7 Colours in One Step
Single Step - Multiple Colours

FEATURES

- Enhanced body construction for performance in harsh environments.
- Available in DC24V, 12V.
- Available in Off-white.
- Multi-color LED module available (UPTO 7 colors in one: red, amber, green, blue, light blue, purple, and white).
- Multiple mounting options: Direct, L-bracket, circular bracket.
- Bright, uniform light Segment.
- Rugged, cost-effective, and easy-to-install.
- High Grade poly carbonate Body for break-free* housing.
- Over voltage Protection & Constant Current operation.
- Alarm function and flashing function available.

EDI 55

Fully Customised STAND MOUNTED Indication Lights
Multiple Steps - Multiple Colours (Upto 7 Colours)
Sleek Design - Base & Stand Mounted

FEATURES

- Enhanced body construction for performance in harsh environments.
- Available in DC24V, 12 V.
- Available in Off-white/ Black.
- Upto 7 STEPS with 7 colour options.
- Multiple mounting options: Direct, L-bracket, circular bracket.
- Bright, uniform lighted segments.
- Rugged, cost-effective, and easy-to-install multi-segment.
- High Grade poly carbonate Body for break-free* housing.
- Over voltage Protection & Constant Current operation.
- Alarm function and flashing function available.

ALVA 55

Indication Lights Upto 7 Colours in One Step
Single Step - Multiple Colours
Sleek Design - Base & Stand Mounted

FEATURES

- Enhanced body construction for performance in harsh environments.
- Available in DC24V, 12V.
- Available in Off-white / Black.
- Multi-color LED module available (UPTO 7 colors in one: red, amber, green, blue, light blue, purple, and white).
- Multiple mounting options: Direct, pole with L-bracket, pole with circular bracket.
- Bright, uniform lighted segment.
- Rugged, cost-effective, and easy-to-install.
- High Grade poly carbonate Body for break-free* housing.
- Over voltage Protection & Constant Current operation.
- Alarm function and flashing function available.

STEP LIGHTS

ROTO 70

Worlds First Ever ROTATING LIGHTS in White Housing
Without Any Mechanical Rotating Part

FEATURES

- Motor less rotation function ("0" wear and tear).
- Only Manufacturer in the world to produce in colour.
- Available in DC24V.
- Enhanced body construction for performance in harsh environments.
- Multiple mounting options: Direct,L-bracket, circular bracket.
- Bright, uniform lighted segment.
- Rugged, cost-effective, and easy-to-install.
- High Grade poly carbonate Body for break-free* housing.
- Over voltage Protection & Constant Current operation.

STEP LIGHTS

Technical specifications	
OPERATING TEMPERATURE	-10 C TO +70 C
STORAGE TEMPERATURE	-20 C TO +72 C
IDEAL OPERATING VOLTAGE	DC 24 V
VOLTAGE RANGE	20V-28V
MOUNTING	BASE MOUNTING / STAND MOUNTING
BODY COLOUR	OFF WHITE / BLACK
STACKABLE STEPS	1-7
COLOURS	RED, YELLOW, GREEN, BLUE, ORANGE, PURPLE, WHITE
FUNCTIONS	ALARM / EXTERNAL CONTROLLED FLASHING
ENVIRONMENT PROTECTION	WATER PROOF & DUST PROOF
ELECTRICAL PROTECTION	REVERSE POLARITY PROTECTION
BODY MATERIAL	POLYCARBONATE (PC)
INPUT	PNP / NPN
VERSIONS	CABLE/CONNECTOR
